

I wish to nominate my hero, husband Sgt Patrick Hamilton for the Lasik for Local Hero's Contest.

Patrick has been a dedicated officer with the City of Lynn Haven for 18 and half years. He has worked many days and nights were his glasses have been an issue to his and citizens safety. Patrick has worked direct traffic in the rain were his glasses have become wet, responding to high incident call arriving with fogged up lens and had his glasses broken when restraining a subject. Patrick has never complained about his glasses, In fact he keeps his old glasses as a backup, because he never knows when he may need them.

Patrick's love in helping the community is why I nominate him today; he is a hero that protects us each day, never complaining just wanting to make a difference. I feel that Lasik could give him even a better brighter outlook.

Thank you for your consideration. Linda Hamilton
