

I believe Deputy Bentley would be greatly served as being the law enforcement officer chosen for Lasik surgery. He has been with the Bay County Sheriff's Office for over 17 years and has been a patrol deputy for that time. Deputy Bentley is also in charge of the LEO side of the Wounded Warriors Retreat that he enjoys beyond measure. He is also well known to all of the local schools that he assists during morning and afternoon hours of the school zones. He is always willing to help anyone in need and never ceases to go above and beyond the call of duty if he has the means to do so.

Not many deputies enjoy this job as much as he does and feel as fulfilled day in and day out due to the people that he helps. Deputy Bentley is the senior Deputy on our shift at the Sheriff's office and is someone that each deputy can go to with a question or concern and again will be met with grace and dignity no matter who he is dealing with. He has worn glasses or contacts for over 20 years now and has never had the opportunity to have Lasik done so this would greatly improve his lifestyle. Thank you for the opportunity to tell you a little bit about Deputy Bentley and for giving those in this field a chance at a better life.

Lt. Stephen Jencks
Bay County Sheriff's Office
